DELIVERING TOGETHER

We are working on a road near you
A49 Warrington Road, Acton Bridge

Carriageway Works

Tuesday 27th May 2025 until Sunday 29th June 2025

(works are weather dependent)

0300 123 7036

@Go_CheshireWest

Dear Residents & Businesses

We are writing to inform you we will be carrying out carriageway treatment works on Marston Lane from the junction of Sandy Lane to Acton Swing Bridge.

When are the works taking place?

The works will commence on Tuesday 27th May 2025 and will continue until Sunday 29th June 2025, There will be a combination of night time (19:00hrs until 06:00hrs) and day time closures between 09:30hrs & 15:30hrs. These closures have been planned to limit the impact on the local area.

Why are we doing this?

The works need to be carried out to extend the lifespan on the road surface.

What works will be carried out?

The initial works being carried out will be the patching of existing defects, repair of the ironworks and clearing the carriageway edges along the kerb line to allow for the treatment works to be carried out.

How could the works impact me?

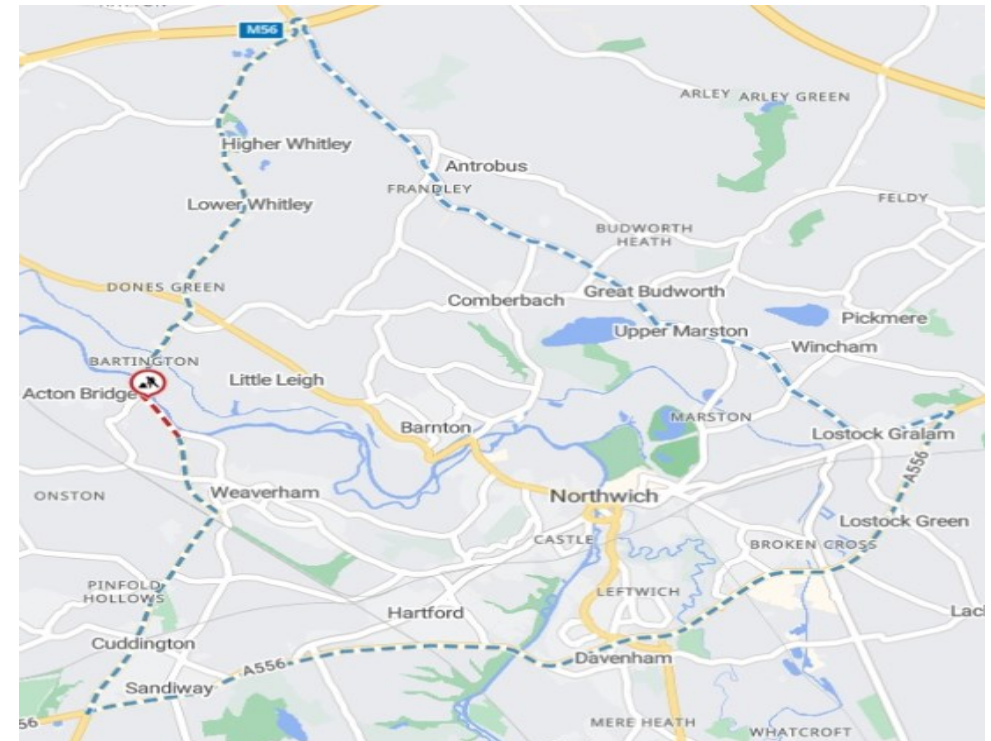

Once the works commence there will be road closures, these are necessary to ensure the safety of both the public and the workforce. Signed diversion routes will be place throughout but pedestrian access to properties will be maintained at all times when the full road closure is in place.

Tuesday 27th May 2025

A full road closure will be in operation during the hours of 19:00 and 06:00, for surface preparation works, which includes the removal of road studs (Cats Eyes).

Tuesday 10th June 2025 & Wednesday 11th June 2025

A full road closure will be in operation during the hours of 09:30hrs & 15:30hrs (the operatives will return after the rush hour to complete works), for the first application of the surface treatment.

Friday 13th June 2025

A full road closure will be in operation during the hours of 09:30hrs & 15:30hrs (the operatives will return after the rush hour to complete works), for the second application of the surface treatment.

Saturday 28th June 2025 & Sunday 29th June 2025

A full road closure will be in operation during the hours of 19:00hrs until 06:00hrs, for the reinstatement of road markings and road studs (Cats Eyes).

Will the work be noisy & what precautions should I take during the works?

Some aspects of this work will be noisy, there will also be alarms from our vehicles when reversing which are mandatory for health and safety reasons. We will endeavour to keep all noise to a minimum and your patience on this matter is appreciated. Residents will not need to take any specific precautions as signed diversion routes will be in place. Access to properties & businesses will be maintained where possible but there may be a short delay to make sure the working area is safe to enter.
